

SEAWARD PRIMETEST 125 EL

The Seaward Primetest 125 EL is a basic appliance tester with simple push button functionality and battery operation, while also having the ability to perform Leakage Current Testing. This feature is a rarity for testers in this price range.

The Primetest 125 EL is really simple to use, with a total of 3 push buttons to choose from. On top of performing Leakage testing, it'll test Class 1, Class 2 and extension leads (including surge protected power boards – MOV's).

Features

- » Battery powered unit for portability
- » Leakage current testing
- » PASS/FAIL indication and actual readings
- » Test sequences for faster testing
- » Tests leads and powerboards
- » Mains outlet check
- » Push button operation
