SEAWARD
PRIMETEST PRO

The Primetest Pro is a highly advanced unit capable of completing all the tests you'll need. Featuring a HD colour screen, battery operation and 10,000 test memory storage it is a rarity in this price range.

The Primetest Pro, with its new blue design, contains many of the same advanced features as the popular Primetest Elite. These include a crisp HD colour screen, QWERTY keyboard, built-in isolation transformer, Bluetooth capabilities and the ability to run the tester on mains or battery power.

The Primetest Pro has a huge 10,000 test memory storage, and comes standard with a 12-month PATGuard 3 software licence for all your asset management and reporting needs.

The tester and your other equipment will also be easily transportable in the custom heavy-duty backpack that's included.
